Stick chandelier

Design by Nicolò Zavagno & irregolare

Stick è una lampada a sospensione dalla figura esile e slanciata, che arreda con elegante discrezione ogni ambiente, dalla cucina, alla sala da pranzo, al salotto. Solo quando si illumina la bellezza della sua forma minimalistica diventa protagonista.

Realizzata a mano in alluminio e metallo verniciato.

A pendant lamp doesn't have to take on a specific shape. The label's spindly, slender Stick Pendant cuts a sleek, unimposing figure in kitchens, dining rooms, and living rooms—it's only when switched on that its beautifully minimalistic form comes into full view.

Made of aluminium and powder-coated steel, the lamp's successful design is shown through its evident, careful simplicity.
